COZY POINT NAIL STUDIO

CUT & FILE

50 AED

A quick treatment for clients who simply want to shorten their nails and create a neat, beautiful shape without having a full manicure.

An ideal option for clients who do not require cuticle work or a complete manicure service.

WHAT IS INCLUDED?

- ✓ **Nail Trimming**
If required, your nails will be carefully shortened to the desired length.
- ✓ **Nail Shaping**
The nails are filed and shaped according to your preference.
- ✓ **Nail Plate Burring (if required)**
If the nail surface has minor ridges, roughness, or light peeling, a gentle buffing treatment may be performed.
- ✓ **Finishing Care**
A nourishing cuticle oil is applied after the treatment.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients who only need their nails shortened and shaped
- Clients between manicure appointments
- Men
- Children
- Anyone who prefers a simple and natural nail care service

GOOD TO KNOW

This treatment does not include cuticle work and is not considered a manicure.

If you require cuticle care and skin treatment around the nails, your specialist may recommend a Classic Manicure or Smart Manicure.

RESULT

Neat, evenly shaped nails with a clean and well-groomed appearance.

WHAT SHOULD I CHOOSE?

- ✿ If you only need to shorten your nails and improve their shape, Cut & File is the perfect solution.
- ✿ If you also like your cuticles and surrounding skin to be treated, a manicure would be a better choice.
- ✿ Not sure which option is right for you? Our specialist will be happy to recommend the most suitable treatment for your needs.

CLASSIC MANICURE +
GEL POLISH

200 AED

A classic manicure is a traditional nail care treatment that includes softening the skin around the nails in warm water before carefully removing excess cuticle and dry skin.

This treatment is ideal for clients who have soft cuticles and do not have excessive dry or overgrown skin around the nails.

WHAT IS INCLUDED?

✓ Nail Shaping

Your nails are carefully filed and shaped according to your preference.

✓ Nail Plate Buffing (if required)

If the nail surface is rough, uneven, peeling, or has a natural yellowish tint, a gentle buffing treatment may be performed.

✓ Warm Hand Soak

Hands are soaked in warm water with professional sanitizing products that help soften the cuticle and surrounding skin.

✓ Cuticle Care

After softening, excess cuticle and dry skin are carefully removed to create a clean and well-groomed appearance.

✓ Finishing Care

A nourishing cuticle oil is applied after the treatment. Hand cream can also be applied upon request.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with soft and thin cuticles
- Clients without excessive dry skin around the nails
- Children and teenagers
- Anyone who prefers a traditional manicure

GOOD TO KNOW

A classic manicure is generally a lighter and more surface-level treatment compared to a dry hardware manicure.

If the skin around your nails tends to become dry, thick, or overgrown quickly, your specialist may recommend a hardware or combined manicure for longer-lasting results.

RESULT

Neat nails, well-groomed cuticles, and naturally beautiful hands.

WHAT SHOULD I CHOOSE?

- ✿ If you prefer a clean, natural look and simple nail care, a classic manicure without coating is a perfect choice.
- ✿ If you would like to add color for a few days and enjoy changing shades frequently, choose regular nail polish.
- ✿ If you prefer a longer-lasting result, a gel polish option may be the best choice.
- ✿ Not sure which option is right for you? Our specialist will assess your nails and help you choose the most suitable treatment for your needs.

Smart Manicure is a modern manicure technique performed without soaking the hands in water.

The treatment is carried out using a professional e-file and several specialized bits, each designed for a specific stage of the procedure.

WHAT IS INCLUDED?

- ✓ **Nail Shaping**
The nails are filed and shaped according to your preference.
- ✓ **Nail Assessment**
The specialist evaluates the condition of the skin and nails before starting the procedure.
- ✓ **Dry Cuticle Preparation**
If necessary, a professional powder is applied to improve visibility and allow the e-file bits to work more effectively.
- ✓ **Cuticle and Sidewall Treatment**
Using several specialized bits, the cuticle and surrounding skin are carefully cleaned and refined.
- ✓ **Removal of Excess Skin**
If needed, small remaining areas of excess cuticle are carefully removed with professional scissors or nippers.
- ✓ **Final Smoothing**
A polishing bit is used to create a clean and smooth finish around the nails.
- ✓ **Nail Buffing (if required)**
If the nail surface is uneven, peeling, rough, or naturally discoloured, gentle buffing may be performed.
- ✓ **Finishing Care**
Cuticle oil is applied after the procedure. Hand cream can also be applied upon request.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with dry skin around the nails
- Clients whose cuticles grow quickly
- Clients with rough sidewalls
- Clients looking for a longer-lasting manicure result

WHY DO MANY CLIENTS SWITCH TO SMART MANICURE?

Unlike traditional soaking techniques, Smart Manicure allows the specialist to work more precisely on dry skin.

With regular maintenance, many clients notice that their cuticles become neater and require less intensive treatment over time.

RESULT

Clean cuticles, smooth skin around the nails, and a well-groomed appearance that lasts longer between appointments.

WHAT SHOULD I CHOOSE?

- ✿ If your cuticles are soft and require only light maintenance, a Classic Manicure may be sufficient.
- ✿ If your skin tends to become dry, overgrown, or rough between appointments, Smart Manicure is often the better choice.
- ✿ Not sure which option is right for you?
Our specialist will assess your nails and recommend the most suitable treatment.

COZY POINT NAIL STUDIO

REGULAR NAIL POLISH

50 AED

Regular nail polish is a traditional nail colour application that creates a beautiful, natural-looking finish without the use of UV or LED lamps.

This treatment is ideal for clients who enjoy changing their nail colour frequently and prefer easy removal at home.

WHAT IS INCLUDED?

- ✓ **Nail Preparation**
The nail surface is carefully cleansed and prepared before colour application.
- ✓ **Base Coat**
A protective base coat is applied to help improve adhesion and protect the natural nail.
- ✓ **Color Application**
Two coats of your chosen nail colour are carefully applied for an even and beautiful finish.
- ✓ **Top Coat**
A protective top coat is applied to enhance shine and help extend the life of the polish.
- ✓ **Drying Assistance**
Professional drying drops or spray may be used to help accelerate the drying process.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients who enjoy changing nail colours frequently
- Clients who prefer traditional nail care
- Children and teenagers
- Clients who do not wish to wear gel polish

GOOD TO KNOW

Unlike gel polish, regular nail polish dries naturally in the air.

Each layer is applied only after the previous layer has dried sufficiently to ensure a smooth, even and long-lasting result.

For this reason, regular nail polish application requires patience and attention to detail.

RESULT

Beautiful, glossy nails with a natural appearance and easy removal at home.

WHAT SHOULD I CHOOSE?

- ✿ If you enjoy changing your nail colour often and prefer a simple at-home removal process, regular nail polish is an excellent choice.
- ✿ If you are looking for a longer-lasting result that can be worn for several weeks, gel polish may be a better option.
- ✿ Not sure which option is right for you? Our specialist will be happy to recommend the most suitable treatment for your lifestyle and nail condition.

A Classic Pedicure is a traditional foot care treatment that includes soaking the feet in warm water before removing softened skin and performing nail care.

This treatment is designed for clients with generally healthy skin and nails who require regular maintenance and grooming.

WHAT IS INCLUDED?

- ✓ **Warm Foot Soak**
The feet are soaked in warm water with professional sanitizing and softening products. This helps soften the skin and prepare the feet for treatment.
- ✓ **Foot Care**
Softened dry skin is gently removed using professional foot files.
- ✓ **Nail Trimming and Shaping**
The nails are carefully shortened and shaped to create a neat and comfortable appearance.
- ✓ **Cuticle Care**
The skin around the nails is treated using a traditional manicure technique to remove excess cuticle and dry skin.
- ✓ **Nail Buffing (if required)**
If the nails are uneven, rough, peeling, or naturally discoloured, gentle buffing may be performed.
- ✓ **Finishing Care**
Cuticle oil is applied after the treatment. A foot scrub and moisturizing cream may also be applied upon request.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with healthy feet and nails
- Clients with soft skin and minimal dryness
- Children and teenagers
- Clients looking for regular foot maintenance

GOOD TO KNOW

A Classic Pedicure is designed for routine foot care and maintenance.

If you have significant dryness, cracked heels, thick calluses, rapidly growing cuticles, or other foot concerns, your specialist may recommend a Smart Pedicure for a more detailed and longer-lasting result.

RESULT

Neat nails, refreshed skin, and well-groomed feet.

WHAT SHOULD I CHOOSE?

- ✿ If your feet are generally healthy and require only regular maintenance, a Classic Pedicure may be the perfect choice.
- ✿ If you have dry heels, calluses, cracks, or would like a more advanced treatment, a Smart Pedicure is often a better option.
- ✿ Not sure which option is right for you?
Our specialist will assess your feet and recommend the most suitable care for your needs.

Smart Pedicure is a modern foot care treatment performed without soaking the feet in water.

The procedure focuses on the condition of the skin and nails, allowing the specialist to work precisely on areas that require attention while preserving healthy skin.

WHAT IS INCLUDED?

- ✓ **Foot Assessment**
Before starting the treatment, the specialist carefully assesses the condition of the feet, nails, skin, and any areas that require special attention.
- ✓ **Softening of Dry Skin**
A professional softening solution is applied to areas of thickened or dry skin to prepare them for treatment.
- ✓ **Nail and Cuticle Care**
The toes are treated using a professional e-file technique similar to a Smart Manicure. The cuticles and surrounding skin are carefully cleaned and refined.
- ✓ **Smart Foot Treatment**
The soles of the feet are treated using professional Smart Discs and specialized attachments. Dry and rough skin is removed gradually and safely without excessive thinning of healthy skin.
- ✓ **Final Smoothing**
The skin is carefully polished to create a smooth and comfortable finish.
- ✓ **Nail Buffing (if required)**
If the nails are uneven, rough, peeling, or naturally discoloured, gentle buffing may be performed.
- ✓ **Finishing Care**
Cuticle oil is applied to the nails. A professional foot cream is selected according to the condition of the skin and applied after the treatment.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with dry feet
- Clients with rough skin on the soles
- Clients with calluses
- Clients who want a more advanced foot care treatment

WHY DO CLIENTS LOVE SMART PEDICURE?

Unlike traditional pedicures, Smart Pedicure focuses on preserving healthy skin while gradually reducing excessive dryness and roughness.

With regular maintenance, many clients notice that their feet become smoother, healthier, and require less intensive treatment over time.

RESULT

Smooth, comfortable feet, neat nails, healthy-looking skin, and a professional finish that lasts longer between appointments.

WHAT SHOULD I CHOOSE?

- ✿ If your feet require only basic maintenance, a Classic Pedicure may be sufficient.
- ✿ If you experience dryness, rough skin, calluses, or want a more advanced treatment with longer-lasting results, Smart Pedicure is usually the better choice.
- ✿ Not sure which option is right for you? Our specialist will assess your feet and recommend the most suitable care for your needs.

PODOLOGY PEDICURE

FROM
250 AED

The final price depends on the complexity of the condition, the amount of work required, and the time needed to achieve the best result.

A Podology Pedicure is a specialized foot care treatment designed not only to improve the appearance of the feet but also to address existing foot and nail concerns.

WHAT IS INCLUDED?

- ✓ **Professional Assessment**
Before starting the treatment, the specialist carefully evaluates the condition of the skin, nails, and any problem areas.
- ✓ **Individual Treatment Plan**
The treatment is tailored according to the client's specific concerns and foot condition.
- ✓ **Nail Care**
When necessary, treatment may include work with ingrown nails, thickened nails, and other nail-related concerns.
- ✓ **Skin Treatment**
Excessive calluses, thickened skin, and other problem areas are carefully treated and reduced.
- ✓ **Crack Care**
Deep cracks and fissures are thoroughly cleaned and treated.
- ✓ **Treatment of Problem Areas**
Painful calluses, pressure points, and other areas causing discomfort may be treated during the procedure.
- ✓ **Professional Products**
Specialized podology products, creams, and care solutions may be used depending on the condition of the feet.
- ✓ **Home Care Recommendations**
Personalized recommendations are provided to help maintain results between visits.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with ingrown toenails
- Clients with deep cracks and fissures
- Clients with very dry and excessively thickened skin
- Clients with painful calluses
- Clients with problematic nails

GOOD TO KNOW

A Podology Pedicure is not simply a cosmetic treatment.

Our goal is not only to improve the appearance of the feet but also to reduce discomfort, improve skin and nail health, and help prevent recurring issues.

RESULT

Healthier feet, improved comfort, professional care, and personalized recommendations for ongoing maintenance and recovery.

WHAT SHOULD I CHOOSE?

- ✿ If you are looking for routine nail and foot maintenance, a Classic Pedicure or Smart Pedicure may be the right choice.
- ✿ If you are experiencing ingrown nails, deep cracks, painful calluses, excessive dryness, or other foot concerns, a Podology Pedicure is often the most appropriate solution.
- ✿ Not sure which option is right for you? Our specialist will assess your feet and recommend the most suitable treatment plan for your needs.

Toe Care is a professional treatment focused exclusively on the toenails, cuticles, and skin surrounding the nails.

This service is ideal for clients who do not require a full pedicure but would like their toenails and cuticles professionally maintained.

WHAT IS INCLUDED?

- ✓ **Nail Assessment**
The specialist evaluates the condition of the toenails, cuticles, and surrounding skin before starting the treatment.
- ✓ **Nail Trimming and Shaping**
The nails are carefully shortened and shaped to create a neat and comfortable appearance.
- ✓ **Hardware Cuticle Care**
The cuticles and surrounding skin are treated using a professional e-file technique.
- ✓ **Sidewall Cleaning**
Dry skin and buildup around the nails are gently removed for a clean and well-groomed appearance.
- ✓ **Nail Buffing (if required)**
If the nails are uneven, rough, peeling, or naturally discoloured, gentle buffing may be performed.
- ✓ **Finishing Care**
Cuticle oil is applied after the treatment.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients who only need nail and cuticle care
- Clients with healthy soles and heels
- Clients between full pedicure appointments
- Clients who regularly maintain their feet
- Clients looking for a quick maintenance treatment

GOOD TO KNOW

This treatment focuses only on the toenails and surrounding skin.

It does not include treatment of the soles, heels, calluses, or dry skin on the feet.

If you require treatment of rough skin, dry heels, or calluses, your specialist may recommend Sole Care or a full pedicure service.

RESULT

Neat toenails, clean cuticles, and a well-groomed appearance.

WHAT SHOULD I CHOOSE?

- ✿ If your main concern is maintaining your toenails and cuticles, Toe Care may be all you need.
- ✿ If you would also like treatment of dry skin, rough heels, or calluses, Sole Care or a full pedicure may be a better option.
- ✿ Not sure which option is right for you?
Our specialist will assess your feet and recommend the most suitable care for your needs.

COZY POINT NAIL STUDIO

SOLE CARE

100 AED

Sole Care is a professional treatment focused exclusively on the skin of the feet.

This service is designed for clients who would like smoother, healthier feet but do not require nail or cuticle care.

It is an excellent maintenance treatment between full pedicure appointments.

WHAT IS INCLUDED?

- ✓ **Foot Assessment**
The specialist carefully evaluates the condition of the skin and identifies areas that require attention.
- ✓ **Treatment of Dry and Rough Skin**
The soles of the feet are treated using professional Smart Discs and specialized attachments.
- ✓ **Callus Reduction**
Areas of excessive skin buildup are gradually and safely reduced without unnecessary trauma to healthy skin.
- ✓ **Heel Treatment**
Dry and rough areas on the heels are carefully treated to improve comfort and appearance.
- ✓ **Final Smoothing**
The skin is polished to create a smooth, soft, and comfortable finish.
- ✓ **Finishing Care**
A professional foot cream is selected according to the condition of the skin and applied after the treatment.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with dry heels
- Clients with rough skin on the soles
- Clients with calluses
- Clients who regularly maintain their toenails elsewhere
- Clients between full pedicure appointments
- Clients looking for a quick foot maintenance treatment

WHY DO CLIENTS CHOOSE SOLE CARE?

Sometimes the nails are already in perfect condition, but the feet still need attention.

Sole Care allows you to focus exclusively on the skin of the feet without paying for a full pedicure service.

RESULT

Softer heels, smoother skin, improved comfort, and healthier-looking feet.

WHAT SHOULD I CHOOSE?

- ✿ If your nails and cuticles are already well maintained, but your heels or soles need attention, Sole Care is the perfect choice.
- ✿ If you also require nail trimming, shaping, and cuticle care, Toe Care or a full pedicure may be a better option.
- ✿ Not sure which option is right for you? Our specialist will assess your feet and recommend the most suitable care for your needs.

TITANIUM THREAD CORRECTION

TITANIUM THREAD
INSTALLATION

250 AED

TITANIUM THREAD
REINSTALLATION

200 AED

Titanium Thread Correction is a professional nail correction technique designed to gradually improve the shape and growth direction of the nail.

The procedure helps reduce pressure on the nail edges and supports healthier nail growth over time.

WHAT IS INCLUDED?

- ✓ **Nail Assessment**
The specialist carefully evaluates the condition of the nail, the surrounding skin, and the nature of the problem.
- ✓ **Selection of the Correction Method**
Different correction techniques may be used depending on the nail shape and the client's individual needs.
- ✓ **Nail Preparation**
The nail is professionally cleaned and prepared before the corrective system is applied.
- ✓ **Titanium Thread Application**
The titanium thread is carefully attached to the nail surface.
- ✓ **Follow-Up Monitoring**
As the nail grows, follow-up appointments may be required to monitor progress and maintain correction.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with ingrown toenails
- Clients whose nail corners curl inward
- Clients experiencing discomfort while walking
- Clients with nails that have changed shape after injury or trauma
- Clients with recurring nail growth problems
- Clients with calluses forming near the nail due to nail shape or pressure

WHAT IS A TITANIUM THREAD?

A titanium thread is a special corrective system attached to the surface of the nail.

Once applied, it creates gentle tension that helps guide the nail into a healthier and more natural shape as it grows.

The correction process works together with the natural growth of the nail and does not force immediate changes.

RESULT

Reduced discomfort, less pressure on the nail edges, improved nail shape, and healthier nail growth over time.

WHAT SHOULD I CHOOSE?

- ✿ If you experience discomfort from nail corners, recurring ingrown nails, changes in nail shape, or pressure around the nail, Titanium Thread Correction may be the right solution.
- ✿ Our specialist will assess your nail condition and recommend the most suitable correction method for your needs.

COZY POINT NAIL STUDIO

CORN REMOVAL

1 CORN REMOVAL

80 AED

Corn Removal is a specialized treatment designed to eliminate painful corns and improve comfort while walking.

Unlike home treatments, professional corn removal allows the specialist to accurately target the affected area while preserving healthy surrounding skin.

WHAT IS INCLUDED?

- ✓ **Corn Assessment**
The specialist evaluates the type of corn, its depth, and the possible cause of its formation.
- ✓ **Professional Corn Removal**
The corn is carefully removed using a professional podology e-file and specialized podology bits.
This technique allows precise treatment of the affected area while minimizing trauma to healthy skin.
- ✓ **Treatment of the Affected Area**
After the corn is removed, the area is carefully cleaned and smoothed to improve comfort.
- ✓ **Professional Care Products**
Specialized products may be applied to support skin recovery and protection.
- ✓ **Home Care Recommendation**
Personalized recommendations are provided to help prevent the corn from returning.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with painful corns
- Clients experiencing discomfort while walking
- Clients with recurring corns
- Clients with pressure points on the feet

GOOD TO KNOW

Professional e-file corn removal is considered one of the most comfortable and gentle methods of treatment.

If the underlying cause is not addressed, such as footwear, pressure points, foot structure, or nail-related issues, the corn may return.

For this reason, your specialist may provide additional recommendations to help prevent recurrence.

RESULT

Reduced discomfort, improved comfort while walking, and healthier-looking skin.

WHAT SHOULD I CHOOSE?

- ✿ If you have a painful corn or discomfort while walking, professional corn removal may be the right solution.
- ✿ Our specialist will assess the area and recommend the most suitable treatment plan for your needs.

COZY POINT NAIL STUDIO

INGROWN TOENAIL CORRECTION

1 NAIL CORRECTION

100 AED

Ingrown Toenail Correction is a specialized treatment designed to relieve discomfort caused by the nail pressing into the surrounding skin.

The procedure helps carefully treat the affected area, reduce pain, and create more comfortable conditions for healthy nail growth.

WHAT IS INCLUDED?

- ✓ **Nail Assessment**
The specialist carefully evaluates the condition of the nail, surrounding skin, and the severity of the ingrown area.
- ✓ **Professional E-File Treatment**
Using a professional podology e-file and specialized podology bits, the ingrown area is carefully cleaned and treated.
- ✓ **Pressure Relief**
The section of the nail causing discomfort and pressure on the skin is carefully released.
- ✓ **Cleaning of the Nail Folds**
Dead skin, debris, and buildup that may contribute to discomfort are carefully removed.
- ✓ **Professional Care Products**
Specialized products may be applied to help protect and soothe the treated area.
- ✓ **Home Care Recommendations**
Personalized recommendations are provided to support recovery and maintain long-term comfort.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with ingrown toenails
- Clients experiencing pain or discomfort while walking
- Clients with redness and irritation around the nail
- Clients with recurring ingrown toenail problems
- Clients whose nail corners cause discomfort

GOOD TO KNOW

Ingrown Toenail Correction helps relieve discomfort and improve the condition of the affected area, but it does not always eliminate the underlying cause of the problem.

Ingrown nails may develop due to nail shape, improper trimming, tight footwear, or excessive pressure on the nail.

RESULT

Reduced pain and discomfort, less pressure on the surrounding skin, healthier nail growth, and improved comfort while walking.

WHAT SHOULD I CHOOSE?

- ✿ If you are experiencing discomfort, pressure from the nail edge, or recurring ingrown toenails, this treatment can provide quick relief and improve comfort.
- ✿ If the problem continues to return, your specialist may recommend Titanium Thread Correction for long-term nail shape correction.

COZY POINT NAIL STUDIO

TOENAIL RECONSTRUCTION

150 AED

Toenail Reconstruction is a procedure designed to restore the appearance of a damaged, deformed, or partially missing toenail using a specialized professional material.

The treatment helps restore the natural appearance of the nail, protect sensitive areas of the nail bed, and create a more aesthetic look while the natural nail grows back.

WHAT IS INCLUDED?

- ✓ **Nail Assessment**
The specialist carefully evaluates the condition of the nail plate, nail bed, and determines whether reconstruction is appropriate.
- ✓ **Nail Preparation**
Damaged, detached, and non-viable areas of the nail are carefully cleaned and prepared.
- ✓ **Onycholysis Treatment**
If nail separation is present, the affected area is professionally cleaned and prepared before reconstruction.
- ✓ **Toenail Reconstruction**
A specialized professional material is used to restore the missing or damaged part of the nail.
- ✓ **Natural Nail Shaping**
The reconstructed nail is shaped to create the most natural appearance possible.
- ✓ **Home Care Recommendations**
Personalized recommendations are provided to help maintain the reconstructed nail and support healthy nail growth.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients with partially missing toenails
- Clients after nail trauma or injury
- Clients with deformed toenails
- Clients with onycholysis
- Clients who would like to restore the appearance of a damaged nail
- Clients experiencing discomfort due to the loss of part of the nail

GOOD TO KNOW

Toenail reconstruction (Nail Prosthetics) is not a permanent replacement for the natural nail.

Our goal is to restore the appearance of the nail, protect sensitive areas, and provide comfort while the natural nail grows back.

The reconstructed nail grows out together with the natural nail and may require periodic maintenance appointments.

RESULT

A more natural-looking nail, protection of sensitive areas, improved comfort while walking, and greater confidence when wearing open shoes.

WHAT SHOULD I CHOOSE?

- ✿ If your toenail has been damaged, partially lost, or changed shape due to injury or trauma, toenail reconstruction can help restore its appearance while your natural nail grows back.
- ✿ Our specialist will assess your nail condition and recommend the most suitable reconstruction method for your specific needs.

CHROME & GLITTER GEL POLISH

150 AED

Chrome and Glitter Gel Polish is a decorative nail service designed for clients who love modern trends, unique effects, and eye-catching shine.

Unlike classic gel polish, chrome and glitter finishes require additional application techniques, precision, and time to achieve a smooth, even, and long-lasting result.

WHAT IS INCLUDED?

- ✓ **Nail Preparation**
The natural nails are carefully prepared before the design application.
- ✓ **Nail Dehydration**
The nail plate is dehydrated to support better product adhesion and longer wear.
- ✓ **Leveling Base or Hard Gel Foundation**
A leveling base or hard gel foundation is applied if required to create a smooth and even surface.
- ✓ **Chrome or Glitter Application**
Special chrome pigments or glitter powders are applied to create shine, depth, and light-reflecting effects.
- ✓ **High-Shine Protective Top Coat**
The service is completed with a durable top coat to protect the design and maintain its brilliance.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients who love shiny, trendy, and eye-catching nails
- Clients who want a more decorative finish than classic gel polish
- Clients who like chrome, glazed, pearl, metallic, or sparkling effects
- Clients who want a bold or luxurious nail design with long-lasting shine

GOOD TO KNOW

Chrome and glitter finishes require additional time and precision compared to classic gel polish.

The final result may vary depending on the chosen base color, pigment, glitter type, and nail shape.

RESULT

Beautiful, luminous nails with a luxurious finish, eye-catching effect, and long-lasting shine.

WHAT SHOULD I CHOOSE?

- ✿ If you want a reflective, glazed, pearl, or metallic effect, Chrome Gel Polish is the perfect choice.
- ✿ If you prefer a sparkling, festive, and more playful shine, Glitter Gel Polish may be more suitable.
- ✿ Not sure which option is right for you? Our specialist can help you choose the most suitable effect based on your style, occasion, and desired finish.

- Clients who prefer a clean, natural nail finish

GOOD TO KNOW

Healthy nails depend not only on proper application, but also on proper removal.

After removal, our specialist may recommend Japanese Manicure or home care products to support natural shine and flexibility.

RESULT

Clean, neat natural nails free from artificial coating, with a healthy and well-groomed appearance.

WHAT SHOULD I CHOOSE?

- ✿ If you want to safely remove your old coating and return to natural nails, Gel Polish Removal is the perfect choice.
- ✿ If your nails feel dry, dull, or need extra care after removal, Japanese Manicure may be a better next step.
- ✿ Not sure which option is right for you? Our specialist will be happy to assess your nails and recommend the most suitable treatment for your needs.

LONG NAIL
EXTENSIONS

350 AED

Nail Extensions are designed for clients who want to add length, change the shape of their nails, or strengthen the natural nail plate.

Extensions may be created using acrylic, polygel, or hard gel, depending on the condition of the natural nails and the desired result.

WHAT IS INCLUDED?

- ✓ **Nail Preparation**
The natural nails are carefully prepared before the extension application.
- ✓ **Material Selection**
The specialist selects the most suitable material, such as acrylic, polygel, or hard gel.
- ✓ **Form Application**
Lower or upper forms may be used to create the desired length, shape, and structure.
- ✓ **Nail Architecture**
The extensions are built with proper balance, strength, and comfortable wear in mind.
- ✓ **Shaping & Finishing**
The nails are shaped, refined, and finished for a clean, natural-looking result.

WHO IS THIS TREATMENT SUITABLE FOR?

- Clients who want longer nails
- Clients who want to change their nail shape
- Clients with weak or short natural nails
- Clients who want stronger and more durable nails
- Clients who want a polished, elegant look for everyday wear or special occasions

GOOD TO KNOW

There is no single perfect material for every client.

Our specialist selects the technique and material based on your natural nail condition, desired length, shape, and lifestyle.

RESULT

Beautiful nails with the desired length and shape, proper architecture, excellent durability, and comfortable wear.

WHAT SHOULD I CHOOSE?

- ✿ If you want a natural, elegant, and comfortable everyday length, Short or Medium Nail Extensions are the perfect choice.
- ✿ If you want extra length, a more dramatic shape, or a stronger visual statement, Long Nail Extensions may be more suitable.
- ✿ Not sure which option is right for you?
Our specialist can help you choose the most suitable length, shape, material, and technique based on your nails and lifestyle.
